“ On one of the many summer trips I made to see Aunt Jan, she learned I could make yeast bread. She was impressed that a 13 year old could do that, so, we went to the store, got the ingredients and she proceeded to film me making bread, She always made us feel so special!

One time our whole family was there. All of us kids were outside playing and it was getting close to the sun going down. Aunt Jan called for us to come inside. I didn't understand why because it was still light out. It didn't take long though. I had never heard so many mosquitoes. I was sure glad that she was taking care of us. I also remember her white thunderbirds. I always had fun anytime she was around
