“ *We did not know your John Lucas, but we regret the sorrow you feel - we grieved the loss of a 19 year old son. We can tell you that as time passes you will be able to remember more of the good times and dwell less on the loss of Chance. We found that each person grieves in a different way and at different times, so we encourage each of you to allow for those differences in your families. We are of the Christian faith and even in our pain we came to understand that God is still sovereign. May you find comfort as you walk through this valley of the shadow of death and may friends share their good memories of John Lucas with you.*

*Thank you so much for your kind and comforting words. I feel your pain from the loss of your son. It never leaves, I've come to learn to live with it. All glory to God who carries us through when we can no longer carry ourselves. You are in my prayers...*
