“ It was a shock to hear the news of John passing. And I was truly saddened by his death we shared many years together as friends and I always thought of him as my brother. I truly feel blessed and privileged to have had John as a friend. And even as my heart grieves I am eternally grateful for the memories that we've shared and the time that we got to spend together. And he will forever remain in my memory. John may have depart from this earth and enter Gods house but he we always live in my mind and in my heart and will never be forgotten. I will grieve not, rather find Strength in what remains behind let grateful memories survive in time of sorrow. Even as Angels Wings wrapped gently around you. But what an imprint your footprints have left upon our hearts when the heart grieves over what is has lost, the spirit rejoices over what it has left. You will be missed my brother.
