“ -I apologize for being late in posting this. Mrs. Froman and I taught math at Bryant for many years, she in junior high school and I in high school. As such, we shared many students over the years. What most do not know is that, when I left Marvel High School after the 1968-69 school year, Mrs. Froman was my replacement. I did not learn that until we were both at Bryant. My thoughts and prayers are with the family.

“ I was sorry to hear about the passing of Mrs. Froman. I taught school with her at Bryant for many years. She often talked about her husband Elmer and daughter Annette. She taught Algebra 1. If you had one of her students you knew the material was covered. She had a laugh that was contagious. I saw her often when she lived close to Salem Road. I did not see her very often after she moved. She will be missed by many. My prayers go out to the family. God strengthen you.

“ Sending my thoughts and prayers to all of you. I never felt comfortable calling her Joyce, it was and always will be Mrs. Froman for me. She was an amazing educator, not something you realize sometimes while you are in school, but would come to understand later. Beloved by her many students and friends, what a legacy she leaves behind. May God Bless you during their time with peace and comfort.

Remembering the family of Joyce Froman and especially Annette. I taught with Mrs Froman at Bryant Junior High and had the pleasure of having her daughter Annette in my ninth grade civics class.
