“Kaye was special. She was one of those few people who always saw the good in people. She was all about kindness and love. Even though we lived apart for so many years, we still remained friends. She has a special place in my heart. She is my hero when, in spite of what she was going through, she helped me through my own battle with breast cancer. When I think of Kaye, I think of Matthew 5:1 - Blessed be the pure in heart for they shall see God. I remember the first time that she told me she had met this cute football player named Terry. She was passionate about her love for her family and was so proud of her granddaughters. Heaven is a more joyful place!

“Slade and Family,
Your Mom was my go to friend especially when it came to sports. She always made sure my boys had a ride to the game and anything else they needed. Always thinking of others that made her a very special person. Prayers for you and your family during the difficult days ahead.
