“ */Precious memories of Lester---He was his own unique self!! Fun, caring, and full of life. When he loved--he loved dearly and completely. He was dedicated and true to those that had the privilege of being a friend. We loved you Lester because you were Lester and because you loved our sweet Dolores and took care of her for all these years. I am so sorry you suffered this dreaded illness but you remained a trooper through it all and now your heavenly flight has come and you will remain with the Lord forever and never hurt again.*
