“ *Our experience of Mike is expressed in the obituary. We knew him as a man with a compassionate heart and a loving spirit. He knew how to be with another person in life's ups and downs and could laugh or cry with them freely. It has been a blessing to know him. We have been and will continue to pray for Mike's family as they grieve his death.*

“ I lost a father figure from my childhood this week. My heart and mind is riddled with emotions and memories scrolling like a Marquee as I reflect on the 35 years I've known Mike and his family. I will never forget the great times we had at the house cutting up, laughing at old stories, and living our best lives in spite of our challenges. This is what life looks like when you surround yourself with good people. I recall how Mike came into Sharon's life and accepted my 3 best friends in this whole wide world with a loving spirit and a gentle heart. He loved them as they were his own and it was evident. Mike allowed me to be myself even though I was loud and animated during my stories. He would calmly wait for the punch line and then his face would appear distressed due to the laughter which was the payoff for his patience. Mike loved his fair maiden, Sharon Gene, more than life itself. He did his best to make a better life for her and their family and his parents. Even if it meant adding on to the house to make room for them to be comfortable in their golden years. I will close with this.

Memories cost a lot when you don't make them.

I love you all from the bottom of my heart.

Psalms 46:10- Be still and know that I am God.

“ *I lost one of my fill in Dad's this week. I will cherish all of the laughs, cutting up, and good times we had with the family over the past 35 years. I will always remember the way I would make Mike laugh so hard that he appeared to be in distress. Or the way that he would gently put me back in line at his house (as I spent a lot of time outside the lines...) I will cherish the way that he loved three of my best friends in this whole world as though they were his own. Lastly, I will never forget the love Mike displayed for his fair maiden and my bonus Mom Sharon Gene. What a wonderful display of a loving husband and son that did all he could do to make things easier for his family while he was able. I love you all more than you will ever know.*
